

Communications

A number of parents have mentioned that they did not receive the e-mails sent out over the last 2 weeks. e-mails initiated by a leader will be sent through ScoutsTracker, both to ensure that records are maintained and to facilitate enforcement of Scouts Canada policies on communication with youth. Those messages will come from the following address: 415thtoronto-cubs@scoutstracker.ca. There are a very few parents whose addresses in our records aren't correct and are being bounced in the system; you will be contacted by a leader for the correct info if you haven't been already. Everyone else should be finding the messages in your inbox; if you haven't gotten them please check your spam folder and ensure that the address above is white-listed by your service provider. Note that we will not see any messages sent to this address, so you must ensure that your client is set to use the reply-to: address included in every e-mail if you want to send a reply.

All general messages, along with a list of upcoming events and our schedule and links to campground locations and other useful info, are also posted at the Group website www.415torontoscouts.ca/. If you need a copy of the camping checklist or any other info you can find it all here.
