

Be Prepared!

We remind everyone that youth must arrive properly clothed for current weather conditions at every meeting, since we anticipate going outdoors on a regular basis. Any youth who is not properly equipped will be sent home.

Indoor Shoes

We have been asked to remind you again that everyone must bring dry indoor shoes to every meeting; the school recently complained that mud was being tracked in to the gym. No one is allowed in the gym with outdoor shoes, which are to be left by the entrance to the school.

Value Village Fundraiser

Group will again be collecting old clothing for sale through the Value Village non-profit fundraising program. We can accept any textile items, in any condition. Items that can't be resold will be recycled, so this is an opportunity to dispose of all those old things around the house that can't be put into your recycling bin. Please place them in clear plastic bags. We can also accept shoes, books, toys or electronics, but they must be packed up separately from clothing and textiles. Currently we plan to collect at the Pack meeting January 16th.

Final Meeting 2017

By popular demand, we are meeting at Laser Quest December 19th. It is located at 1980 Eglinton Ave E, on the north side of Eglinton, just east of Warden beside Staples. Group is covering part of the cost, the event will cost \$10 each. Unfortunately, there probably won't be any room for guests since if everyone attends we will fill the arena.
